

Reinvest understanding of texts: CORE and EESL Cycle 1

Task specific: Ask an expert text

Think about the product that the student will hand in. Will this grid help you mark it?

What about the first criteria?

	Observables	A 20	B 18-16	C 14-12	D 10-6	E 6-0
Use of knowledge from texts in a reinvestment task	<ul style="list-style-type: none"> ➤ Selection of information/ideas from texts relevant to the task. ➤ Coherence of organization of selected information/ideas. ➤ Combination of information/ideas and language selected in texts with own ideas and personal language. ➤ Use of text components/text features. ➤ Accurate use of information drawn from texts. 	<ul style="list-style-type: none"> • Chooses all the relevant information/ideas to answer the questions. • Organizes the ideas and information skillfully and coherently. • Skillfully combines information/ideas and language selected in texts with own ideas and personal language repertoire. • All the text features/components are present. • Use of the information is accurate. 	<ul style="list-style-type: none"> • Chooses relevant information/ideas to answer the questions. • Organizes the ideas and information coherently. • Combines information/ideas and language selected in the texts with own ideas and personal language repertoire. • Most of the text features/components are present. • Use of the information is accurate. 	<ul style="list-style-type: none"> • Chooses some relevant information/ideas to answer the questions. • The organization lacks cohesion in areas of the text. • Sometimes combines information/ideas and language selected from the texts with own ideas and personal language repertoire. • Some of the text features/components are present. • Some of the information is inaccurate. 	<ul style="list-style-type: none"> • Chooses very few relevant information/ideas to answer the questions. • The organization lacks cohesion throughout the text. • Rarely combines information/ideas and language selected in the texts with own ideas and personal language repertoire. • Very few text features/components are present. • Information if any is inaccurate. 	<ul style="list-style-type: none"> • Does not choose relevant information/ideas to answer the questions. • The organization is confusing to the reader. • Delivers a product which does not correspond to the task

Text features of the “Ask an expert text”:

- A greeting
- 3 paragraphs (each one being the answer to a question)
- A closing
- A signature
